Title: Ordering and character properties for Myanmar Khamti Shan characters

Source: Michael Everson

Status: Individual Contribution

Action: For consideration by JTC1/SC2/WG2 and UTC

Date: 2008-04-09

N3423 proposes 18 new characters for Khamti Shan. Information on ordering and character properties was not given in that document but is suggested here.

Ordering

The unified order for the Myanmar script incorporating the characters here (and those previously accepted for encoding) is given below. Ordering is syllable-based, so this is indicative of only one level of ordering. The following list is provisional.
