Re: Registration fee for the Unicode Ideographic Variation Database

Dear Ms. Kimura,

As you know, the Unicode Consortium maintains the Unicode Ideographic Variation Database (<http://www.unicode.org/ivd/>), and the registration procedure permits the collection of registration fees, to cover the costs of maintaining the registry.

However, I am pleased to inform you that registrations of collections and sequences sponsored by SC2 will not be subject to any fee.

Sincerely,

A handwritten signature in cursive script that reads 'Mark E Davis'.
