DOC TYPE: Working Group Document
TITLE: Liaison Report
SOURCE: Deborah Anderson, Script Encoding Initiative, UC Berkeley
STATUS: Liaison contribution
ACTION: For consideration by WG2
DISTRIBUTION: ISO/IEC JTC1/SC2/WG2

This document serves as a summary of the UC Berkeley Script Encoding Initiative's recent activities. The Script Encoding Initiative was established to help scholars and user communities get eligible unencoded characters and scripts proposed for inclusion in the UCS/Unicode, and to ensure that current proposals are reviewed by specialists. SEI focuses on unencoded modern minority scripts and historic scripts. SEI welcomes working with user communities and national bodies on script proposals, and email inquiries (dwanders@berkeley.edu).

Proposals or documents that have been submitted to WG2 since the last meeting in October 2010 and have involved SEI assistance include:
