Title: Reveiw of N4558R Tangut glyph corrections

Source: China National Body

Action: To be considered

References: WG2N4558R

This document presents comments on 3 chracters raised in N4558R.

L2093 is related to the characters of 彘, 穉, which meaning are related to 'artisan' and 'capacity', so the left character  of following picture is right.

2.24 L2463

L2463 is constructed by two parts, the left is  and the right is , the both dots should be belong to the left part ,as the component is indicated by the character construction description for L2463 in *Wenhai Baoyun* (30.37), which states that it is constructed from "below of 'Deng', right of 'to love', 彘 攴 彘 攴 (please see Li Fanwen 2008 p.406) .
